Supplemental Amendment

Dear Examiner Nguyen:

Applicant has chosen to submit this Supplemental Amendment, in which we request that the application be withdrawn from allowance and are submitting: an RCE; a revised Inventors' Declaration, a statement regarding the Inventors' Declaration (set forth in this Supplemental Amendment), an Assignment for recording the change of name from LEO Elektronenmikroskopie GmbH to Carl Zeiss NTS GmbH; and an Information Disclosure Statement.

This RCE is submitted to ensure that the documents cited in the Information Disclosure Statement are reviewed and listed in the patent application file; to ensure that the Inventors are properly called-out; and to ensure that the Assignee is correctly recorded. No amendments are made to the already allowed claims, and the allowance is withdrawn in order to provide time to complete the application file. Applicant respectfully believes that this submission merely completes the application file to place it in proper condition to proceed, once again, to allowance. The documents submitted herewith do not change the current allowable status of the claims.
